21 Lyndal Drive Eaglehawk Neck TAS

Eaglehawk Neck has become a highly sought-after location for people seeking a quieter life only an hour from Hobart, giving the flexibility to commute or have a weekender from the city. Seldom do parcels of land of this calibre and size come onto the market within close walking proximity to the white sands of Pirates Bay, the iconic Lufra Hotel, and the natural wonder of the Tessellated Pavement (featured here in photos).

This private and serene parcel of land consists of 7.7 acres of partly cleared sloping land. Access is off Lyndal Drive via a well-built roadway which terminates at a carefully selected and cleared house site complete with mains power. From this easterly facing site glimpses of the Tasman sea can be seen through the lush tree canopy.
