

Lot 1 Tern Circle Primrose Sands TAS

The wonderful sunrise from the windows and decks of whatever you build (stca) on this 2,000sqm block will herald not just a new day but a new life.

We live in a time when the trend is to work from home where possible. The predictions are that the next demographic trend will be working from home in a lifestyle location.

If that sounds like you, then here is your dream office. Admittedly you might have to turn your back on the view, at least initially, if you are going to get any work done from this cliff-top eyrie overlooking the great sweep of Frederick Henry Bay. You might also find the dolphins just off the beach at Primrose Sands to be a little diverting.

Inspect this large, gently sloping block studded with gums

Price : \$ 430,000
Land Size : 2000 sqm
