Port Arthur

If ever there was a property that is "priceless" this, is it. Magnificent, breathtaking, a 'must see' slice of real estate. Right here, right now, is your opportunity to secure 40.97 hectares (101 acres) of outstanding land with only the waterfront Reserve between you and Crescent Bay Beach. The property offers jaw dropping views across to Tasman Island, Mt Fortescue, Cape Pillar, Mt Brown, and towards the Southwest corner with its vista of natural rock formation of dolerite columns rising from the sea of Cape Raoul. This land is like nothing you have ever seen: a sensory explosion; an automatic grounding; recharging and uplifting; all at the same time.

You can spend time here alone or with others while you watch the ever-changing weather and contemplate what to potentially build on your allocated building envelope (stca.)
